

Basics of

Rabbit Care

Our basic rabbit care class will cover every thing from housing you rabbit to feeding your rabbit. We'll touch on some advanced items, including the following hands on demonstration:

- Tattooing
- Nail Clipping
- Diseases

“Thank you so much fro the showmanship seminar. It helped me a lot at our county fair. I finished first in my class”

Showmanship

Showmanship has been a major part in our rabbit project area participation. Each of the girls has won several local and state awards in showmanship, including Jessica who is the defending Michigan State Fair gold ribbon state champion.

The showmanship training program consists of 3 segments.

- Showmanship competition demonstration
- Explanation of showmanship steps
- Hands on training

Market Rabbits

Raising market animals can be both fun and profitable. In this seminar we will give your members the many details they will need to enter rabbits in one of the four market classes:

- Meat Pen
- Fryer
- Roaster
- Stewer

We will also give tips on how to increase the sale price of your rabbits and how to attract buyers for your market animals.

Rabbit Related

Opportunities

There are many opportunities for youth to show rabbits or be involved in rabbit related activities throughout Michigan.

These activities include such things as ARBA rabbit shows, Rabbit Expo, Exploration Days, MSRBA and ARBA Royalty contests. In this class we will tell the youth about those opportunities, how they can be involved, what they need to do to prepare, and about all the fun possibilities by being involved in these opportunities.
